

Noboribetsu Marine Park Nixe

Nixe Castle (summer)

Noboribetsu Marine Park Nixe is a theme park centered on the ocean, which is the origin of life. The beautiful Nixe Castle in the park's center is a four-story aquarium constructed using state-of-the-art scientific technology. The eight-meter-high large wide-angle water tank, the Crystal Tower and the first underwater tunnel in Hokkaido (Aqua Tunnel) will make you feel as if you were walking in the sea. From the escalator connecting the second and fourth floors, you can watch fish leisurely swimming below.

● At the show pools located on both sides of Nixe Castle, dolphin and sea lion shows are held daily.

● A parade of penguins takes place at the Nixe Square twice daily: 11:00 – 11:20; 14:00 – 14:20.

(Summer)

Many shops are located in the park. With original character goods, kids' products, Hokkaido specialties and many other products available only in the park, we look forward to your visit. We also have Japanese-style and Western-style restaurants, a fast food restaurant and coffee shops. We hope you will have a wonderful time here.
